# TrustLine's Journey

- Meticulous practitioner of Value Investing.
- Bottom up approach to stock picking from under researched universe.
- Focus on *Intrinsic* value (Free cash flow, Return on Equity) of the underlying business.
- Paramount importance given to Margin-of-Safety (downside risks) which ensures huge upside in returns.
- Buying “growth” at a discount.

## Growth Investing

- Chasing Momentum stories (Flavor of the season).
- Short-term out-performance at the cost of Long-term under performance.

## Value Investing

- Value investing is the discipline of buying securities at a significant discount to underlying value and holding them until the full potential value is unlocked. The degree of bargain is the key to the process.
- We come from the school of Value Investment Philosophy and our investing model is inspired from Buffett’s principles.
- Investments driven by *Intrinsic* value and Margin-of-safety.
- It is a low-risk and long-term high-return model.

## VALUE INVESTMENT DEMYSTIFIED

**RULE 1**  
Not to lose  
MONEY

**RULE 2**  
Not to forget  
RULE 1

“Return-of-Capital”  
than  
“Return-on-Capital”

Business Analyst  
Approach  
(not Market Analyst)

Low-Risk and  
High-Return  
Strategy

“Much of returns come from the buying price, not from the earning growth.”

- **Seth Klarman**

*In the short run, the market is a voting machine but in the long run it is a weighing machine*

- **Benjamin Graham**

“Understanding both the power of compounding and the difficulty of getting it is the heart and soul of understanding a lot of things”

- **Charlie Munger**

*Intrinsic Deep Alpha* Fund - II

Creating RICH portfolios from SMALL gems

## TrustLine Deep Alpha AIF - II

- Unique PIPE fund that aims to deliver high-alpha returns
- From a concentrated portfolio built around high-quality emerging companies
- Focus on hidden gems from the under-researched space

Private Equity style early stage investing in listed space

Concentrated strategy

Under-discovered, Under-researched hidden space

Capital Preservation

Potential for High-Alpha Compounded returns

Mandate of this fund is to create long term wealth by delivering significant out-performance over benchmark index over a 5 year horizon through a well managed portfolio of listed stocks hand picked on a deep value investment model in the Small and Micro-cap space.

## FUND FEATURES

### Small Sized Fund

This allows us the luxury to target highly promising companies in the Micro-cap space (sub 1000 Crore market capitalisation).

### Ahead in the Value Curve

Early investment in companies which are in their infancy thus having the potential to deliver exceptional returns when they scale up.

### PIPE Advantage (Private Investment in Public Equity)

Fund benefits from favourable terms as PIPE investments are privately negotiated.

### High on Risk-Reward

Positioned close to PE funds, much ahead of PMS.

### Hidden Gems

Companies which are very unlikely to be in the radar of competition due to their small size.

### High Growth Industries

Stock picks are likely to be more concentrated in high growth sectors like, Niche engineering, Industrial brands, Auto ancillaries, Education, Retail, New-age tech / AI infra, Energy storage, Battery management, Healthcare, Renewable energy and other promising such sectors.

### Returns Maximisation

Capital drawdowns will be aligned with market cycles to optimize long-term returns

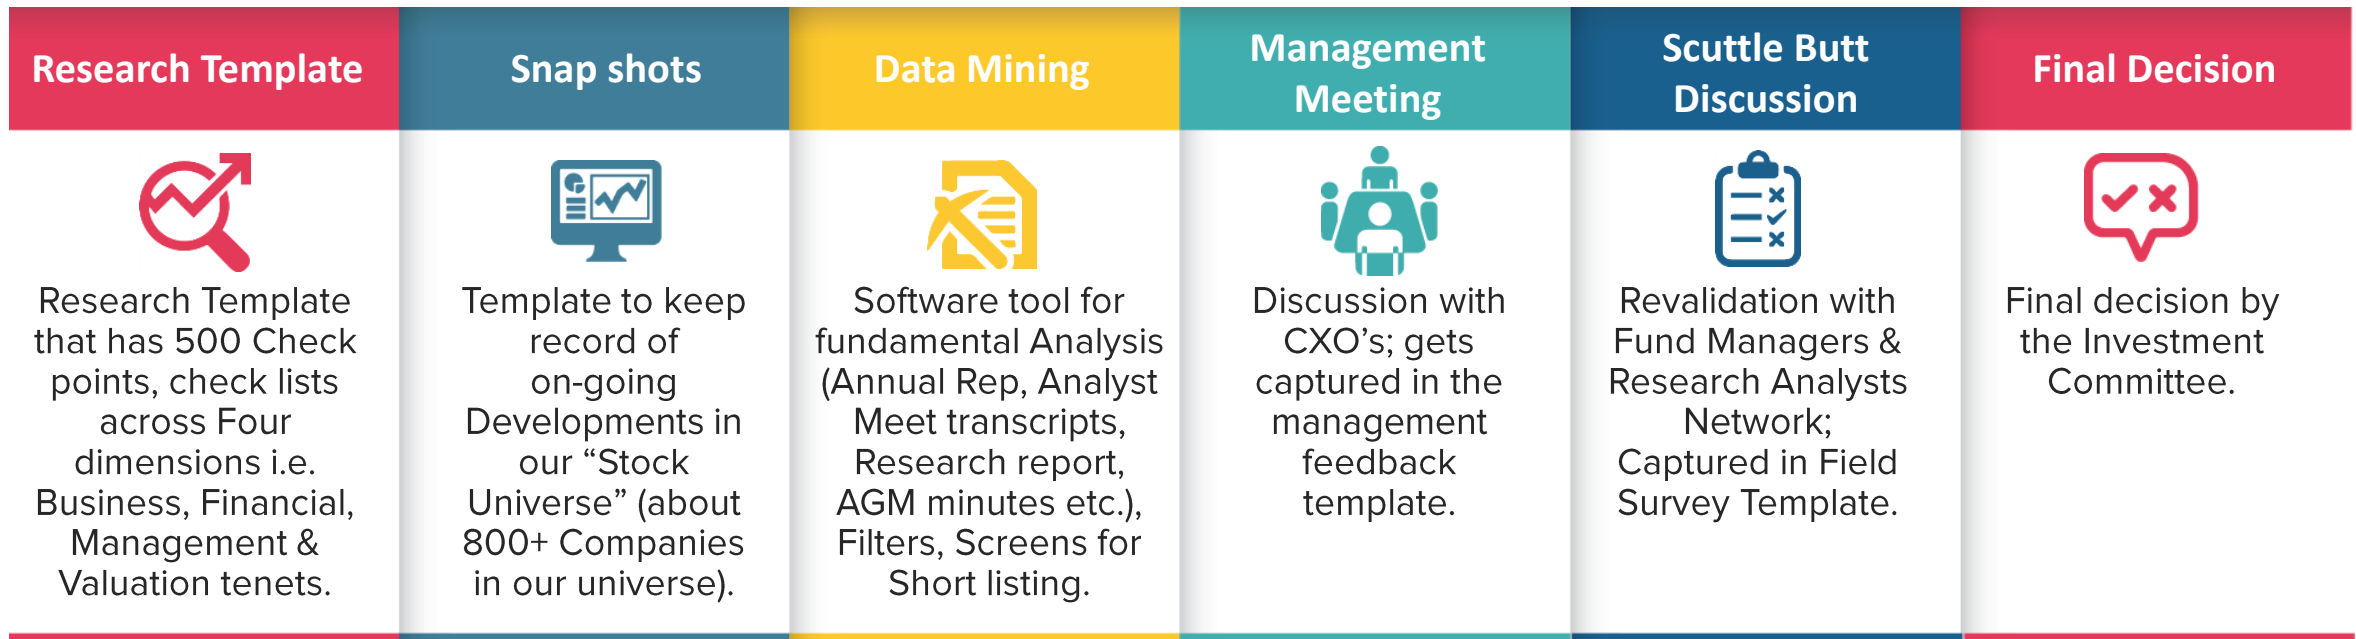

# The **TrustLine** Advantage

## Research

Bottom up & Stock specific, Under researched & Under discovered space, Business Analyst vs Market Analyst Approach, Focus on ROE, Free Cash Flow, Margin-of-Safety, *Intrinsic* Value driven (vs balance sheet value).

## PROCESS

- They are primarily short-to-medium term opportunity driven by event based corporate actions like buy-back, open offer and other special situations including mergers, de-mergers and de-listing.
- Our core belief is that downside risk management ensures huge upside in returns.
- Ability to spot tactical short term “low-risk” investment opportunities when markets are expensive.
- Enables the fund manager to deploy the funds at the right price to deliver alpha returns.

## **Rationality**

Driven by rational facts than by popularity of those.

---

## **Objectivity**

Not influenced by herd behaviour.

---

## **Self-Awareness**

Focus within circle of competence.

---

## **Driven by Process**

Focus on process, not on proceeds.

---

## **Temperament**

Driven by neither greed nor by Fear.

## Our highly successful *Intrinsic Deep Alpha Fund - I* has been a winner right through
